FRESH WEAPONS OF REPRESSION TO BE FORGED?

TO DEAL WITH SATYAGRAHA MOVEMENT.

Simla Corresponding With Provincial Governments.

SEQUEL TO BREAKDOWN OF PEACE TALKS.

(From Our Correspondent.)
NEW DELHI, September 9.
The failure of the peace negotiations with Mahatma Gandhi raises two important issues, the foremost of which is whether any fresh policy will be required to combat the Civil Disobedience movement, or whether the existing laws and regulations would be regarded as sufficient.

I understand, on good authority, that for some time past the Government of India has been in communication with all Provincial Governments on this subject. Some of the Provincial Governments have already reported their views, while others are expected to do so during the course of the week. It should be noted in this connection that some of the ordinances will expire within the next few months, and their re-enactment in letter and spirit for a further period could be taken for granted.

It is very likely that the Government may have a supplementary

mentary legislation like the Defence of India Act. But the whole question will come up for discussion by Government as soon as they dispose of the consideration of the Simon Report.

The second point of importance is the Round Table Conference, for which despatches are being sent ready by the Government of India. Whether these despatches be unanimous or whether Sir B. L. Mitter and Sir Joseph Bore will stand out and write their separate despatches is too early yet to predict. Meanwhile, the publication of names of the Indian Delegation to the London Conference is creating a melancholy impression, as some of the persons selected command neither respect nor public confidence. The Viceroy is being given a farewell dinner by the Ministers of the Punjab Government on the 28th September at Davico's, Simla, for which a very large number of invitations have been issued.

"REASONABLE BASIS FOR NEGOTIATIONS"

Congress Leaders' Five Main Terms.

LABOUR GOVT. URGED TO REACH AGREEMENT WITH INDIA.

Commonwealth League Supports India's Cause.

LONDON, Sept. 8.
The Council of the Commonwealth of India League, Mr. Peter Freeman presiding, has unanimously adopted a resolution expressing the opinion that the five main terms proposed by Congress leaders in the peace negotiations constitute a reasonable basis for

negotiations, urging the Government to endeavour to reach an agreement with India on those lines, and the Labour Party, to press for it, and also accepting the terms as a basis on which the immediate policy and propaganda of the League should be concentrated.—Reuter.

R. T. C. DELEGATES TO BE BOYCOTTED.

"War Council" to hold Demonstrations.

While some of the delegates from Bombay who are invited to the Round Table Conference are making preparations to sail for England, a move has been set on foot to give them a hot reception. Suggestions have been made to the "War Council" of the Bombay Provincial Congress Committee not only to hold demonstrations near the residence of such members but to declare a social boycott of those who defy the mandate of the country.

BOYCOTT R. T. C.
The "War Council" has not yet considered the question, but some leading citizens of Bombay have already come forward with a view to tell the delegates plainly that the country was for completely boycotting the Round Table Conference.

Mr. Shankerlal Banker, is said to have approached many influential people of Bombay, including businessmen of the city and obtained their views that the country would gain nothing by participating in the so-called Round Table Conference.

MANIFESTO TO BE ISSUED.
The idea seems to be to issue a manifesto on behalf of each community and commercial association giving a mandate and ap-

pealing Indians not to go to the Round Table Conference. A large number of public meetings will be held during the next week to bring pressure to bear upon the delegates not to attend the London Conference.

The suggestion to hold demonstrations at the place of residence of Bombay delegates is likely to be accepted by a representative Committee which will be appointed for the purpose.

THOSE CONFERENCEWALLAHS!
In this connection it may be mentioned that the following gentlemen have received invitations to attend the Round Table Conference:—

Sir Chimanlal Setalvad, Sir Purshotamdas Thakurdas, Sir Phiroze Sethi, Sir Cowasji Jehangir (Jr.), Sir Ibrahim Rahimtoola, Mr. M. R. Jayakar and Mr. M. A. Jinnah.

It is stated that Sir Chimanlal Setalvad is sailing for England by the next mail boat on Saturday while Sir Purshotamdas is considering whether to accept the invitation or not.

At the public meeting which will be held next week resolutions disowning the delegates will be brought forward and passed.

SCHOOL PICKETING AT ALLAHABAD. Students' Attempt to Break Police Cordon.

ALLAHABAD, Sept. 9.
Lively scenes were enacted this morning in front of the Modern High School which was gutted recently and its furniture burnt. The School re-opened after some weeks to-day. Dr. Ghose, Principal, assured the parents of the students that the District Magistrate has arranged protection for children. Picketers assembled at an early hour and guarded all the approaches to the School. There was a strong force of police present with Mr. Bomford, Collector, Mr. Measures, Superintendent of Police, Mr. Grose, City Magistrate, Mr. Ekram Hussain and Mr. Smurthwaite, Deputy Superintendent.

About 90 students managed to get through and classes were held. Several picketers tried to break through the police cordon and were immediately arrested. Some arrests have also been made in connection with the previous incident on charges of arson and further investigation is proceeding. None of the leaders were seen except Mr. and Mrs. Pandit for a short while. Mrs. Pandit said that she had not organised to-day's picketing.

Citizens Of Bombay! Boycott To-day's Elections.

CONGRESS COMMITTEES' APPEAL TO PUBLIC.

The Hon. Secretary of the B. P. C. C. writes:—
The Working Committee of the Congress has ordered the boycott of the Legislative Councils.

In pursuance of this order the Satyagraha Committee hereby calls upon the citizens of Bombay who are entitled to vote at the Elections to the local Legislative Council and the Legislative Assembly to abstain from voting.

The Satyagraha Committee has decided to send lady volunteers to picket at all the polling booths in

the City to dissuade those who will go there in spite of the Congress mandate from voting and perpetuating slavery under foreign rule. The Viceroy by his Ordinance has replaced Legislatures in this country. There is only one Legislature functioning in India to-day and it is the Indian National Congress. All those who profess to go to the British Government's Legislatures in the interests of the country must join the Congress if they are sincere in their professions.

IN OBEDIENCE TO CONGRESS MANDATE.

500 Volunteers to Picket Polling Booths.

Plans to carry out an effective and complete picketing of the polling booths of the Council elections to-day (Wednesday) were formulated by the "War Council" last night.

Five hundred women volunteers have been requisitioned and in case there are police arrests, an equally large number of male volunteers have been kept in readiness.

The women volunteers will be

placed at the entrance and exit of all the three polling booths. They will be sent out from time to time in small batches of ten or twelve volunteers.

The police plan appears to be to arrest the volunteers as they arrive each time.

The election which promises to be a very interesting affair commences at 7 a.m.

MIRABAI ARRESTED AND RELEASED.

Police Enter University and Beat Students.

CALCUTTA, Sept. 9.
Mira Bai (Miss Slade) arrived here from Madras this morning. She was taken in a procession when the procession reached Howrah Bridge the procession was banned under the orders of the Police Commissioner. Miss Slade was asked to disperse the procession, but as the latter persisted in taking the procession, Miss Slade was taken by the police in a car to Lalbazar headquarters and the processionists were dispersed by the police. Miss Slade was subsequently allowed to go to her destination.

The processionists then came along Harrison Road towards College Square where a large crowd joined the procession. Police made several charges and dispersed the crowd. About thirty women were arrested by police at College Square where the procession terminated. Street urchins and mob obstructed

passage of tramcars and it is alleged, stones were thrown at tramcars. Police arrived on the scene and dispersed the mob. The infuriated mob then indulged in stone throwing as a result of which a Police Inspector, three Sergeants and two constables received injuries. The crowd, it is stated, numbered several hundreds. Students of post-graduate classes from the Upper storeys of Ashutosh building, Calcutta University, jeered at the police, according to whom, stones were thrown from the buildings.

A police party under Deputy Commissioner Gordon entered Ashutosh Buildings where classes were being held. University authorities resented the conduct of the police, but the latter charged the students with regulation lathis as a result of which ten are said to have been injured and subsequently removed to hospital where one

YERAVDA VICTIM HONOURED.

Ratilal's Photo in Procession.

AHMEDABAD, Sept. 9.
Haital was declared to-day in Ahmedabad and the district in honour of Ratilal who died at Yeravda Jail. A silent procession with bare heads and black flags was taken out this evening with a photo of Ratilal garlanded and placed on chair. When the procession arrived near the Bank of India, some Mahomedans objected to the word "Shahid" written on board and photo of Ratilal. They made a rush towards the procession. They were, however, pacified by other Mahomedans. The Sub-inspector of Police returned the board which the Mahomedans had snatched. The procession terminated at the Congress ground where a meeting was held in which Siratani Khurshedben appealed to young men and women to enlist as volunteers. A. P.

has been detained with serious injuries.

The Vice-Chancellor of the University, Mr. Justice S. K. Ghosh whose son was one of injured students and a number of professors visited the injured at the Medical College.—A. P.

MOCKERY OF ROUND TABLE CONFERENCE

"Those Who Are Invited To It Don't Represent The Country."

DON'T GO TO R. T. C., SAYS SIR LALUBHAI.

Dr. Deshmukh Blames Viceroy.

"I do not think that all those who are invited to the Round Table Conference can collectively be said to represent the country as a whole, in the sense the Congress does. They ought to tell the Viceroy respectfully that, so long as the Congress is not taking part in the Conference, they and others combined have no right to negotiate on behalf of the country." So said Sir Lalubhai Sa-

ture to raise larger income by other taxes suited to the prevailing economic condition.

PEACEFUL PICKETING, THE ONLY WEAPON.

The Government of India's almost niggardly action regarding discriminatory Protection as recommended unanimously by the Fiscal Commission, has naturally induced the leaders of public opinion to fight the importation of foreign goods with the weapon of Boycott. Peaceful picketing for the purpose of advancing Prohibition and for stopping imports that hamper the growth of Indian industries is the only weapon in the hands of a subject nation. The Viceroy's Ordinances against picketing for these two purposes came as an unpleasant surprise to men like me who have co-operated for so many years with Government in the firm belief that the Government in India whatever their other defects were really desirous of raising the economic and moral status of the poverty-stricken people of my country. Leaving the political issues aside, and judging the Viceroy's reply regarding the economic issues I find no change of heart in the Government of India and I am not surprised that Mahatmaj, the only leader in India to whom the poor masses of India are much dearer than his own children, declined to agree to Peace which did not assure relief to his "Daridra Narayan."

I cannot understand why members of different communities should agree to go to the Round Table Conference without settling their differences in the first instance. The Hindus and Mussalmans must make up their difference and then and then only go to England if they find that they are united, for unless there is unity at least between the two major communities they will not be able to put forth their whole strength to obtain Dominion Status which is the minimum demand of the Nationalists of both communities. I do not think that all those who are invited to the R. T. C. can collectively be said to represent the country as a whole, in the sense that the Congress does. Some of the Liberal leaders have emphasised this point of view by saying that a Round Table Conference without Mahatmaj and the other Congress leaders is like staging the play of Hamlet without the Prince of Denmark. If they believed what they said, at the time, they ought to tell the Viceroy respectfully that so long as the Congress is not taking part in the Conference, they and others combined have no right to negotiate on behalf of the country, therefore, they shall not be able to attend the Conference.

Dr. Deshmukh's Interview.

Dr. Deshmukh interviewed by a representative of "The Chronicle" said:—

**FROM THE PLANE OF ARMED FORCE TO
THE PLANE OF SOUL FORCE.**

India's Unique Struggle For Gaining Freedom.

**AMERICAN TRIBUTE TO GANDHI'S
EXALTED LEADERSHIP.**

Let us keep our eyes fixed
upon the central issue of the
Indian revolution! It is not that
India wants independence. In
this quest she is only reproducing
the experience of mankind. What
India seeks to-day is only what
Switzerland, Italy, Hungary,
Poland and scores of other na-
tions have sought before her.
Americans, whose forefathers
fought and died for independence
from the same Empire that now
holds India in thrall, should be
the first to understand and sym-
pathize with their Eastern brethren.

**EXALTED LEADERSHIP OF
GANDHI.**

No, the remarkable thing about
India is not her desire for inde-
pendence, but the unique method
which she is using to gain this
independence. Under the exalted
leadership of Gandhi, the Indian
people are writing a new chapter
in the unfolding story of man-
kind. Deliberately, by the ex-
ercise of sublime patience and
self-restraint, and at the cost of

suffering greater than the cen-
sored news dispatches permit us
to know, this heroic people are
undertaking to fight a battle for
liberty without resort to violence.
History has never seen anything
like this before. Non-resistance
has been tried by individuals like
St. Francis, and by religious
groups like the Friends; but the
revolution in India marks the
first time that a nation has en-
deavored to lift its struggle for
freedom from the plane of armed
force to the plane of soul force.
If there has ever been any greater
triumph of the spirit than this,
we do not know it.

And England, even under a
Labour cabinet, chooses to meet
this spirit by yielding the club
and drawing the sword, and by
putting in jail the purest, noblest,
gentlest man in all the world
to-day! What excuse can there
be for the Empire in its present
plight, and what compassion for
McDonald who has not been
either wise enough or brave
enough to find the better way.—

**STAFF OFFICER'S
WELFARE WORK.**

Is It Beneficial To B. B. & C. I.
Railway Employees.

(From A Correspondent.)
AHMEDABAD, Sept. 4.

The other day Sir Jackson agent
B. B. & C. I. Ry. talked to Rail-
way employees about the staff officer
and his welfare, at Abroad.
We have no difficulty to under-
stand and appreciate the attitude
of Sir Jackson towards this work.
But the memorandum to the Royal
Commission on Labour in India by
Mr. Ganoo, welfare and labour ad-
viser to the staff officer affords the
clearest possible justification for
employees' distrust of this work.
This labour adviser considers any
increase in wages of employees
will fatten the sawkars, maintain
many of the union workers, and
the worst of all increase the drink-
ing and gambling habit of the
employees themselves and the con-
dition instead of being improved
will go from bad to worse.

15 PIES PER HEAD.
The employees oppose this move
on the part of the Railway com-
pany work. No right and privilege
can be obtained by going along
the route the Agent and this la-
bour Adviser will take them. All
that the employees ask in effect
is that the minimum living wage
should be fixed. The present
wages they get are very meagre
and they find it difficult to keep
their body and soul together. In
reply Mr. Ganoo states in his me-
morandum that a family of 4
members does not require more
than Rs. 12 to 13 per month for
their maintenance. One anna
three pies per man per day is quite
enough for a person. But he for-
gets that an Government of Bom-
bay is spending annas three per
head for jail diet. The labourers
should have at least better food
than that supplied in jails. This
friend of the employees who is doing
welfare and labour work
wants to keep the employees under
perpetual slavery and does not
wish that they should get better
food than what they are getting
at present. Yet this is the welfare
and labour work for which Sir E.
Jackson speaks so highly. Every
care has been taken to keep the
employees unacquainted with this
memorandum and make every dis-
tinct officer and Head of the de-
partment acquainted with it. Mr.
Ganoo's memorandum prove that
the idea of this welfare and labour
work is wrong at the very root and
inception. The labourers are not
so simple that they cannot under-
stand the move. He therefore
blames the labour union leaders
allying their of turning the em-
ployees against their masters but
he forgets that he it is who is
turning the employers against the
employees.

RADICAL DIFFERENCE.
Now look at his wonderful sug-
gestion made to the Railway Com-
pany "The money wage need not
be increased in any case. The
wages should be paid in kind and
other daily necessities. The sur-
plus should be deposited in the
savings Bank account in the Co-
operative Credit Saving Bank,
which money shall be made avail-
able to him in emergency case only
on loan."

The view points of two parties
are so different that what appears
to be just and moral to one, ap-
pears a means to perpetual slav-
ery to the other. The truth is
that the agent still considers that
Mr. Ganoo is doing service to poor
labourers. In spite of his such re-
flectionary remarks which he him-
self never bade. This attitude
must be changed and Mr. Ganoo's
service should be rejected and he
should be asked to mind his own
business of Railway contract be-
fore he expects employees to see
this work with his vision and their
co-operation.

**BOMBAY SATYAGRAHIS IN
CANANORE.**

Good Treatment.

(From A Correspondent.)
CANANORE, Sept. 3.

I was released this morning from
the Cannanore Central Jail after
completing my term of
three months rigorous im-
prisonment. I was one of the
100 "Iron-sided" who were
transferred from Worli to
Cannanore Jail on 15th July last.
It was on the 15th of July last
that 100 of us were thrust in the
Madras Express. We had no know-
ledge as to where we
were being taken and it was only
when we reached Guntakal that
we knew that we were being taken
to Cannanore Central Jail. We
had, indeed, a pleasant trip down
here although we had not any-
thing more than sitting accommo-
dation in the train. It is a pity
that Government could not provide
us with better accommodation,
especially when we had been taken
to such a distant place from Bom-
bay as Cannanore. But we did not
expect anything better than this
from this Government. It just
however, be said to the credit of
the Government that we were
well attended to on the way by the
escorts who were very outgoing
and courteous to us throughout.

AMIALE SUPERINTENDENT.

It was on the afternoon of the
17th of July that we reached the
Cannanore jail. The Jail Superin-
tendent, Mr. Khandwalkar, is a
nice and amiable gentleman and
has done all he could within his
power to make our jail life as hap-
py and agreeable as possible. He
has met all the reasonable de-
mands we have made to our entire
satisfaction although on one or
two occasions we have had to put
up a stiff fight to enforce our de-
mands including a short-lived hun-
ger-strike. The food arrange-
ment in the jail is one of the best
that I could conceive of in a jail.
In the morning we got rice kanji
or wheat chapatti, according to
one's liking, and at noon and even-
ing we got rice or chapatties as
the case may be, together with
nice vegetable preparations pre-
pared under the supervision of Sjt.
Sambamoorthy, the great Andhra
leader. We have, therefore, been
enjoying very good diet and have
to make no complaint at all in
this regard. We were, of course,
asked to do some work in the be-
ginning; it was not and could not
be enforced and therefore none of
the Satyagrahis are working in
the Cannanore jail except those
who are voluntarily working in
Mr. Sambamoorthy's kitchen.

Our volunteers hold regular con-
gregational prayers both in the
morning and in the evening and
spend their time either by spin-
ning on taklis which the Jail Su-
perintendent himself has supplied,
or by reading some useful books
which the Superintendent has
supplied. All the boys are cheer-
ful, happy and are in the best of
spirits. Out of the 100 Satya-
grahis 16 were from Dharasana, 1
from Ahmedabad, 4 Bombay Wid-
ala raiders and the rest Bombay
picketers.

Among the leaders who are in
Cannanore jail are Desabhatta
Konda Venkatappaya, Sjt. Sam-
banurthy and Prakasani.

New Delhi.—Police raided a
house in the City Wall Road and
searched the premises occupied by
the Indian Product Supply Com-
pany. Nothing incriminating is
reported to have been discovered
and no arrests were made. It is
understood that the raid was in
connection with investigations into
the Viceroy's bomb outrage of De-
cember 23.—A. P. M. N. N.

**PROGRESS OF N. D. T.
INDIAN WOMEN'S
UNIVERSITY.**

Nizam's Donation Of Rs.
5000.

The following are the extracts
from the annual report of the
Nathibai Damodhar Thackersey
(known as Karve's University),
Poona:

The University has maintained a
steady progress regarding the
number of pupils that are being
attracted to its schools and col-
leges. But it has suffered a great
loss in the sudden death of Mr.
G. M. Chiplunkar, who was one of
the few honest and sincere work-
ers to take up the cause of Wo-
men's Education.

The number of students in the
colleges affiliated to the Univer-
sity is continuously rising, and
this year we have 83 students.
During the year under report,
the number of students in the
Bombay Kanyashala is 226, and in
the Vanita Vishram English
School at Bombay it is 127.

The Normal school, Hingne, pro-
mises to do much towards the
supply of trained teachers for the
primary schools. Since the re-
cognition of our Primary School
Teachers' Diploma by the Depart-
ment of Public Instruction, the
number of students in the Normal
School is steadily growing. Last
year a grant of Rs. 1,500 to the
Normal School and Rs. 900 to the
Practising School was sanctioned.

During the year under report
the number of pupils in the Se-
condary Schools has risen from
1560 to 1750. The type of educa-
tion offered by the University has
come to stay and there are clear
indications that it will come to ex-
pand provided there is a reason-
able financial aid offered to the
various schools. It may not there-
fore be ungrateful to point out
that Government help to our
schools is miserably inadequate.

Every Government document or
report has always stressed the im-
portance of women's education
and has clearly pointed out the
difficulties the Government De-
partments have to face all over
India when tackling the problem
of women's education. Fortu-
nately in the Bombay Presidency,
there is this agency of the Wo-
men's University trying its level
best to expand secondary educa-
tion of women.

The University Examinations
were held as usual in March and
April.

Out of 8 students that appeared
for G. A. Examination 2 passed
and out of 102 appearing for En-
trance Examination, 54 have pass-
ed.

The convocation was given up
almost at the eleventh hour owing
to the political situation in Bom-
bay in June last.

On the whole we had a normal
financial year although it may
seem that the income side had
suffered a deficit in the item of
donations.

GRATEFUL TO THE NIZAM.
We are thankful to The Nizam
of Hyderabad for sanctioning
a donation of Rs. 5,000 to the
University.

The University is in great need
of funds at the present time. To
expand and continue the work of
the University efficiently we have
to spend beyond our means. Al-
ready we are spending from the
Balance Fund. We have there-
fore to appeal earnestly to our
sympathisers for voluntary help.
The work of the University will
be greatly hampered if we do not
receive sufficient help in time.

**BENGAL JUTE WORKERS'
SECRETARY ARRESTED.**

A Victim Of Bengal Ordinance.

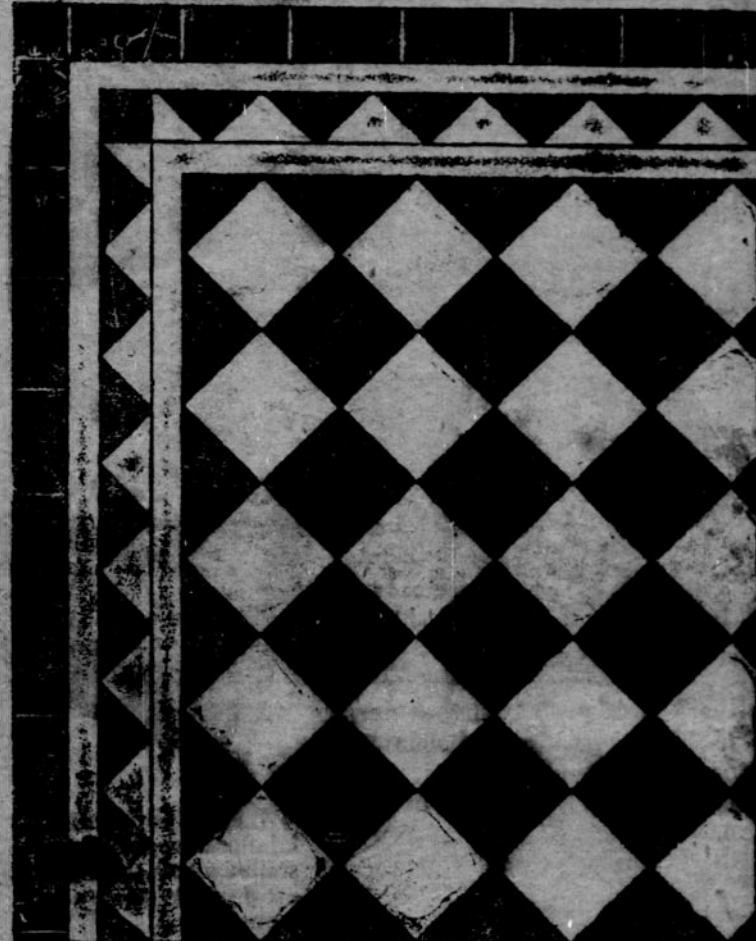

MEERUT, Sept. 1.
(From A Correspondent.)
Mr. Aboni Choudhary, Secretary,
Bengal Jute Worker's Union, was
arrested at Meerut on Saturday
(the 31st Aug.) under the Bengal
Ordinance.

Mr. Chowdhary had gone to
Meerut in connection with the de-
fence arrangements for the accus-
ed in the "conspiracy" case.

Immediately on Mr. Chow-
dhary's arrest, the "conspiracy"
case accused made a statement
before the Session Judge, accusing
Government with "conspiracy" to
remove all the persons who were
coming to Meerut to make
arrangements about their defence.
It might be recalled that Mr. Fa-
zal Hahi who was in charge of
the defence office at Meerut for
some time was arrested only a
week ago on another charge at
Lahore.

Lahore.—Nandlal a calligraphist
attached to the "Pratap"
newspaper, was arrested on
Saturday, in connection with
Friday's bomb fund. The pre-
mises of Bharadwaj Cinema
Portrait Company was also search-
ed on Saturday and copies of pho-
tos of Bhagat Singh and Jatin Sen
were seized by police. No arrest
was made.—A. P. M. N. N.

TRADE AND FINANCE.

FOREIGN CAPITAL COMING IN
Weekly Market Reviews.(From Our Special Correspondent)
Bombay, Sept. 5.
MONEY.

Conditions in the money market were unchanged from last week will call funds available at 1 3/4 per cent. Although large amounts are continuously flowing into treasury bills, it may be noted that some portion of it comes from foreign investors. The proceeds from maturing treasuries further more are largely reinvested in the absence of real trade of any volume. Maturities this week amounted to Rs. 596 lakhs and renewals to Rs. 465 lakhs. Applications for bills of 6 months' duration are on the increase and may be attributed to the expectation that the Bank rate in England as well as in India would not rise much above the present rate owing to low commodity prices. The trade demand shows an increase of about Rs. 108 lakhs. The following are the fixed deposit rates:—One month 2 1/2 per cent., two months 2 3/4 per cent., three months 3 per cent., four months 3 1/4 per cent., and six months 4 per cent.

IMPERIAL BANK.

The cash balance of the Imperial Bank has been steadily growing due to return of funds from the interior and amounted to some Rs. 30 crores on August 29th, but it may be noted that a contraction of Rs. 5 crores against rupee securities has since taken place. Total contractions since March last aggregate Rs. 28 crores, but this large deduction has been necessary owing to raising prices and regular influx of rupees coins into the currency. The operation is generally viewed without any misgiving.

A statement of the Imperial Bank of India as of 29th August shows an increase of Rs. 250.91 lakhs in the cash balance which now amounts to Rs. 29,75,28,000 as compared with Rs. 31.61 crores at this time last year. The percentage of cash to liabilities is 23.20, an increase of 1.80 per cent. over last week. Loans, cash credit and inland bills discounted have all increased by Rs. 23.31 lakhs. Rs. 8.31 lakhs and Rs. 5.89 lakhs respectively. Government deposits are up by Rs. 310.13 lakhs to Rs. 23.70 crores, while other deposits have fallen by Rs. 55.08 lakhs to Rs. 75.74 crores. The Bank rate remains unchanged at 5 per cent.

TREASURY BILLS.

Tenders for Rs. 2 crores of six and three months' treasury bills were opened on Tuesday, the 2nd September, 1930. Total amounts offered were Rs. 1,40,00,000 and Rs. 3,20,25,000 respectively. Tenders for six months' bills at Rs. 97-9 and above aggregating Rs. 1,20,00,000 were accepted in full. Tenders for three months at Rs. 99-0-9 and above were accepted in full and those at Rs. 99-0-6 received approximately 48 per cent. All lower tenders were rejected. The total amount of accepted tenders for three months' bills was Rs. 80,00,000. The average rates of accepted tenders for six and three months' bills were Rs. 4-13-10 and Rs. 3-13-11 per annum respectively.

Intermediate six and three months' treasury bills will be issued from Wednesday, the 3rd September, to Monday, the 8th September, at Rs. 97-10 and Rs. 99-1-0 per cent. respectively. Intermediate six and three months' treasury bills sold from 27th August to 1st September amounted to Rs. 59,50,000 and Rs. 2,03,50,000 respectively.

Tenders for six and three months' bills to the amount of Rs. 2 crores in the aggregate will be received on Tuesday, the 9th September. Successful tenderers should make payment of the amount of accepted tenders on Friday, the 12th September. Other conditions are as usual.

GILT-EDGED MARKET.

The gilt-edged market fell firm following a rise in the price of India sterling stocks. In addition money continues very cheap and is steadily finding its way into this market. Were it not for the uncertainty that shrouds the political situation, investment demand would largely increase particularly in view of the fact that yields on these securities stand at their best just now. All scrips gained in price, but 3 1/2 per cent. Paper and 5 per cent. 1945-55 rose rather sharply on bear covering, the former touching Rs. 65-5 and the latter Rs. 101-6 for cash. At the close, however, 3 1/2 per cent. Paper receded to Rs. 65, while 1945-55 maintained this level. 1935 and 1933 loans kept steady at Rs. 96-4 and Rs. 100-5 and 1939-44 at Rs. 94-6. 6 per cent. Bonds due 1931 and 1932 were unchanged at Rs. 101-4 and Rs. 102. 6 1/2 per cent. Bombay Development Loan bettered to Rs. 105-2. 4 per cent. 1930-70 Loan shows a small rise to Rs. 73-6 and 1934-37 Loans to Rs. 89-2. 4 1/2 per cent. 1935-60 Loan further declined to Rs. 85-4 and 1934 Bonds improved to Rs. 75. 6

per cent. 1933-36 Loan is quoted at Rs. 100-5.

The currency return of the 31st August shows a decline of Rs. 349.79 lakhs in notes circulation to Rs. 188.86 crores. Silver coins and bullion under coinage have increased by Rs. 60.70 lakhs to Rs. 115.42 crores and by Rs. 82.28 lakhs to Rs. 5.24 crores respectively. Gold coin and bullion remains unchanged at Rs. 32.27 crores. Securities in Indian have fallen by Rs. 488.79 lakhs to Rs. 11.68 crores representing the recent contraction of Rs. 5 crores and those in England by Rs. 3.98 lakhs to Rs. 1.23 crores. The metallic reserve ratio to circulation is 90.57 as against 82.10 a week ago.

STERLING EXCHANGE DULL.

Sterling exchange continued very dull and barring a few transactions in connection with investment in treasury bills, very little business was reported. Imports and exports show no movement and so long as money also remains a glut in the market, there would seem little chance of rates to improve. Sellers of ready T. T. quoted at 1s. 5 3/4d. Forward deliveries were unchanged but easy with September to January quoted at the same level.

The dollar sterling quotation declined during the week from Dols. 4.86-29.32 to Dols. 4.86-51.0. French francs kept steady at 123.78. The Selga was unchanged at 34.84 and the Italian Lira is quoted at 92.84.

A Press communique of the 2nd instant states that there were no sterling purchases during the week ending 30th August. However, £30,000 were transferred from the Paper Currency Reserve to the Home Treasury during this period to meet sales of sterling by Government, bringing this total to £83,491. The total remittances from April last to date amounted to £4,803,491.

GOLD.

Prices in the gold market were virtually unchanged and business continued restricted. Ready is quoted at Rs. 21-7-0 per tola, but is much below the import parity. The daily offtake does not exceed 8,000 tolas, while stocks on hand are fairly ample at about 4 lakhs tolas including sovereigns. Sovereigns are quoted at Rs. 13-9-0 for ready and Rs. 13-9-3 for 6th October delivery. In London the quotation for gold improved to 95s. 0-12d. In our market the highest and lowest rates were Rs. 21-7-6 and Rs. 21-7-0 for ready and 9th September settlement and Rs. 21-8-3 and Rs. 21-7-6 for 8th October settlement. The incoming mail is expected to bring £33,000 gold. Inclusive of this and exclusive of the present week's shipment the total visible supply from London to India is about £76,000. The total imports during the week amounted to Rs. 54,95,488 in bar and coin. This week's shipment from London is expected to be £210,000.

SILVER.

The tone of silver remained steady, but fluctuations were confined to narrow limits. The price of ready ranged between Rs. 46-13 and Rs. 47-7 per 100 tolas. The rumour emanating from Shanghai that Government of India had negotiated a further sale of 40 million ounces of silver with a China Bank was officially denied. While the announcement was fully appreciated since it removed the uncertainty that might otherwise have prevailed in the silver market, it might be pointed out that Government will do well in communicating to the market their actual sales from time to time, since in absence of such a correct and authoritative information, the market is apt to make wrong conjectures. The daily offtake remains small at about 80 bars, while stocks on hand approximate 4,000 bars. In Shanghai the local gradually declined from 1s. 7 1/2d. to 1s. 7 1/4d., but closed at 1s. 7 1/2d. In London the highest and lowest rates were 15 5/8d. and 16 7/16d. both for ready and forward. In our market the highest and lowest rates were Rs. 47-7 and Rs. 46-13 for ready, Rs. 47-4 and Rs. 46-12 for 13th September settlement and Rs. 47-1 and Rs. 46-9 for 11th October settlement. The incoming mail is expected to bring £63,000 silver. Inclusive of these arrivals and exclusive of the present week's shipment the total visible supply from London to India is about £104,000. The total imports during the week amounted to 391 bars and Rs. 2,26,935 in coin. This week's shipment from London is expected to be £16,500.

INFLUX OF RUPEES.

In view of the considerable influx of rupees into the currency chest during the past eighteen months nearly, in which there has been no Government sale of silver, it is natural that a "redundance" should be created, which will gradually continue so long as the present period of commodity prices and business depression continues. Government has had no other alternative than to melt down the superfluous rupees and sell as silver bars. There is however, a positive ground for resentment at their choosing an unprotected market for the recent reported sale of some 15 million ounces, when they have created a "protected market in this country."

The Hon. Sir George Schuster, the Finance Member, in proposing the imposition of duty on silver in his Budget speech, in para 72, emphasised that "Government, owing to their possession of surplus stocks of silver and erection of a new refinery at Bombay, have got into the position of being themselves important producers of silver. Our proposal, therefore, has the incidental advantage of providing Government with a protected market for their own produce."

It has been contended in certain quarters that prices would be depressed if these sales were conducted in this country, but experience proves that it is not so much the place of sale as the fact that silver is sold by Government that causes depression. Apart from that, the price of silver is so low that even large sales conducted judiciously by Government could not carry prices very much lower. The attitude of Government in ignoring from time to time the Indian market, which now is a "protected" market is highly resented by the trading community. It need hardly be emphasised that when future sales are contemplated, the Home market should positively be preferred.

SHARES.

The Stock Exchange authorities in opening the cash business in some 18 scrips have conclusively proved how unnecessary and unjustified their action was all this time. Most of the scrips they have declared open could never have been seriously threatened as business in them has always been of a restricted nature.

Resentment still continues since the number of privileged scrips is only very small when compared with the whole list and it is confidently expected that the Board will lose no time in removing this ban on the balance scrips.

Cash business is being transacted on a small scale and prices are generally maintained. The Tata Steel 2nd Pref. shares have been the subject of great interest owing to certain differences reported to be existing between the Company's Directors and Government on the matter of Dividend in this issue.

RESPECT TO THREE VALUABLE LIVES LOST.

Mr. H. A. Lalji's Reference At Improvement Board's Meeting.

HEATED DISCUSSION AGAIN ON MR. DELVE'S SERVICES.

At the meeting of the Improvement Board held on Tuesday afternoon, Mr. Mohamed Ebrahim Sarang moved adjournment of the House as a mark of respect for those who lost their lives in Dharavi riot last Saturday. Mr. Fakhim Mohamed Marjar seconded the proposition. Mr. H. A. Lalji, the President, requested the mover and seconder of the proposition, not to press it, but allow him as President to make a passing reference. This being agreed to, the President deplored the incident in which three valuable lives were lost and expressed his gratification at the happy settlement arrived at between the two communities, who were at temporary variance. He also thanked the Police for their co-operation.

The Board then considered the extension of leave to Mr. R. H. A. Delves, Chief Officer, Improvement Trust and it was again the subject of heated discussion when the report of the Improvements Committee was considered recommending the Board to retain Mr. Delves's services till 30th November, in view of the pending amalgamation of the Improvement Trust with the Municipality.

A CHALLENGE OR NOT?
The President, Mr. H. A. Lalji ruled the recommendation of the Committee out of order as it was beyond the scope of reference.

Consideration was then given to the proposition of Mr. M. N. Talpade moved on 5th August to grant Mr. Delves leave from the 15th August.

Again a point of order was raised whether the proposition was in order since 15th August had already passed. The President ruled the proposition in order and discussion ensued.

Mr. Balubhai T. Desai thought that the letter of resignation of Mr. Delves was a challenge to the Board and as a self-respecting body they should accept it.

Mr. H. P. Mody moved an amendment in the terms of the Improvement Committee's recommendation to retain the services of Mr. Delves till the end of March 1930 and that the leave asked for by Mr. Delves be granted from the 1st of December with permission to retire at the end of it.

Mr. Mody urged the Nationalist members not to be harsh on Mr. Delves as he was going to retire shortly and a month more or less should not be made a matter of discussion. He reminded his colleagues that the Improvement Trust was going to be amalgamated shortly and therefore in the interest of the Trust and the Municipality Mr. Delves's services were necessary for some time.

Mr. M. A. Karanjawala seconded the amendment.

Dr. A. G. Viegas said Mr. Bird who acted for Mr. Delves in 1927 had strongly recommended immediate amalgamation of the Trust with the Municipality. In the interest of the rate-payers, he emphasised, the services of Mr. Delves should be terminated.

The amendment was put to vote at this stage and declared lost by 28 votes against 29. A poll was demanded, and it was passed by 30 votes against 26. It was then passed as a substantive proposition.

Tannery Workers Nervous to Resume Work.

The Secretary of the Dharavi Tanneries and Leather Factory Workers' Union, sends the following.

Fortunately on Monday nothing untoward happened, thanks to the presence of Hindu and Mohammedan peace-makers. Since the Mohammedans who had come from outside in thousands were removed, there has been complete peace at Dharavi. Efforts are now made to induce the workers to resume their work in tanneries and factories have, however, become nervous due to the happening on Saturday and Sunday last. The workers strongly suspect that the mischief was caused by some interested parties deliberately with a view to terrorising the workers and destroying their Union. The Secretary, other office-bearers of the Union and their friends are doing their best to persuade the workers to resume work. It is believed their efforts may be successful except in the case of one tannery. The workers employed in that tannery allege that they live in the chawl where they were assaulted in the presence of the owner who did not even ask his co-religionists to abstain from rushing into the chawl and assaulting the workers. In this chawl some workers were stabbed also, one of them being in a serious condition now. The Union officials are, however, trying their utmost to restore the normal condition and establish amicable relations between the two communities and also to see that all tanneries and factories begin to work as usual.

WILSON COLLEGE TO BE RE-OPENED TO-MORROW.

Attendance In Classes Will Signify "Expression Of Regret."

The meeting of the students of the Wilson College called on Tuesday morning was dissolved without coming to any decision. The Principal, Rev. J. Mackenzie, called a meeting of the students in the College Hall, at 11 a.m. with a view to make a statement. A large number of students presented themselves in the hall to hear the Principal. Rev. Mackenzie informed the students that there was not the slightest intention on the part of the College authorities to victimize any student, as was reported in certain newspapers. He, however, made it clear that those students attending the College, when reopened on Thursday next, would be considered to have expressed their regret for the incident on Friday last, and agree to observe College discipline in future.

A majority of students seemed to have been satisfied with this statement, while several others resented it. They held a meeting at Chowpaty to consider the statement but soon dispersed owing to heavy showers of rain and will meet there again to-day at 11 a.m.

PRINCIPAL'S NOTICE.

Rev. J. Mackenzie, Principal, has posted the following notice on the Notice Board:

"The College Classes will be reopened on Thursday at 11 a.m. for the students who regret the breach of discipline, of which some students were guilty in defying the order of the Principal on Friday last, and who desire to continue their studies with full purpose of observing College discipline. The Principal desires to make it clear beyond all possibilities of misunderstanding that by attending the classes the students will be understood to have signified their agreement to the above condition."

HINDU CHARITIES DISPUTE.

Disposal of Surplus Funds.

Mr. Justice Wadia at the High Court heard the suit filed by Mr. Chandrasekhar Bhagwandas and another against Mr. Vishwanath P. Valdivya and 4 others, who are trustees of the Tulsidas Gopaldas Charities. The plaintiffs asked that a new scheme should be framed in respect of the charities, or that the scheme of 1907 be amended in certain particulars.

The charities were created by the will of Tulsidas Gopaldas, a Soerathia Bhanals Hindu, to which caste the plaintiffs also belonged. In 1907 the High Court framed a scheme for the administration of the charities, under which the defendants were appointed trustees.

SURPLUS PROFITS.

The plaintiffs contended that at the time when the scheme was framed the aggregate yearly rent of the properties was about Rs. 12,000, but that the same now amounted to about Rs. 70,000 in addition to which the income from the securities amounted to Rs. 6,500. Therefore it was argued that the scheme as originally framed was never intended for utilising a surplus and that either a new scheme should be framed or that the scheme of 1907 should be amended.

The defendants denied the allegations. The suit was dismissed.

THE BOMBAY CHRONICLE

WEDNESDAY, SEPT. 10, 1930.

THE "STERN TEST."

An Anglo-Indian contemporary has discovered a chink in the Congress armour. While it is significantly silent regarding the justice of the two major issues on which the Peace negotiations broke down, it questions the supreme and exclusive right of the Congress to represent the Indian nation. For are there not non-Congressmen in India? And is it not, therefore, absurd for the Congress to claim the right that it does claim? These are interesting questions, but they cut at the very root of the universally accepted principles of representation. For, assuming their justification, there would be no sense in, for instance, the Labour Government claiming the sole and exclusive right to represent the British nation at the League of Nations or even at the Imperial Conference, in the presence of non-Labour Oppositionists who enjoy the additional advantage—clearly lacking in non-Congressmen—of being potentially the alternative representatives of the British nation. But we need not dwell at length on this aspect of the unquestionable claim of the Congress. Principles of politics and ethics, when sought to be applied to India, are notoriously disastrous. India, as a nation, is a composite of many nations and is commonly described as an impertinence or an absurdity. The supremacy of the Congress, however, is amply proved by the Viceroy's letters to Sirs. Sapru and Jayakar and by the edicts of non-Congressmen themselves. Sir Phiroze Sethna described the Round Table Conference without the Congress as a "farce" and he found an echo in Mr. Chintamani. And it was an undeniable tribute to the position of the Congress when Mr. Jayakar declared his laudable intention of pursuing peace even to the neglect of the next Legislative Assembly. Mr. H. P. Mody, who was one of those who negotiated on behalf of the Mill-owners, for economic advantages with the Congress as representing his fellow-countrymen, the Indian consumers, has seriously enough begun to see economic harm in the attitude of the Congress. Mr. Mody's views, of course, do not count much; for he is speaking only for himself. If the Mill-owners do not immediately disown his unpatriotic and impertinent views, the country will know how to deal with them. But even in his disappointment at the refusal of the Congress to run after the shadow, Mr. Mody has been fair enough to recognise the Congress movement as "a national movement" which has met with "remarkable success." More. The Congress is congratulated on having "aroused such tremendous national consciousness" and the "nation" on "having demonstrated its strength in an unmistakable manner." If all this is not an admission that the Congress stands supreme and alone as the embodiment of India's "aims and aspirations," then words do not mean what they convey.

Let us examine the position of the Round Table Conference from yet another point of view. We are informed that "a large number of really representative men from all over India do mean to attend the Conference." A list of likely persons who "do mean" to attend has been published and we have not found even two or three who are "really representative." To take two examples from Bombay, whom do Messrs. Jinnah and Jayakar represent? Can Mr. Jayakar speak for India or even for the Hindu Mahasabha which has sent its illustrious leaders to jail in support of the Congress? We are glad to know that Dr. Moonje and Mr. Kelkar are attending to-day's meeting of the Committee of the Hindu Mahasabha and we have no doubt both of them, who have identified themselves with the national movement, will succeed in dissuading Mr. Jayakar from attending the Conference. As for Mr. Jinnah, he is the President of an organisation which he has practically killed lest it might be captured by Nationalist Mussalmans who were in a majority on its Council. Whom will he represent? India? Or Mussalmans? Mr. Jinnah, we notice, deprecates "the failure of our efforts to bring about Hindu-Muslim unity." He may well do so. For Mr. Jinnah and, to a greater extent, Mr. Jayakar, between them,

abused their splendid opportunity at Calcutta in December, 1928, so thoroughly that it did leave "its mark of bitterness" which has been removed not without difficulty. We look at the list of the "delegates" to the Round Table Conference and we wonder if "any one with any pretence to impartial judgment" can assert that the 50 or 60 "representatives" represent between themselves even 50 million Indians out of the 350. Does Sir Chimanlal or Sir Phiroze represent Bombay? Will they hold a public meeting and secure its agreement to their attending the Conference in a representative capacity? We are astonished to see the name of Sir Phiroze Sheth Thakurdas among those invited to the Conference. We are astonished because we are sure Sir Phiroze Thakurdas, holding the views he does, could not have sought the invitation as most of the others have done and because the commercial community will never stultify itself in the eyes of the country by permitting him to "represent" it. We are bidden to contemplate and shudder at the "stern test" of the R. T. C. Let us apply the "stern test" of the two major issues raised by the Congress and supported by Hindus, Muslims and Sikhs—yes, Muslims and Sikhs also—to the Round Table Conference and its delegates. Who can say that the circumscribed Round Table Conference is a conference between Britain and India, or that the so-called Indian delegates are not a body of men who have no right to speak for this country except in so far as they accidentally belong to it. It is no pleasure to us to be brutally frank. But, in the words of Mr. Jinnah, we must all "appreciate and realise" "the present condition of India." They are at liberty to go wherever they like to attend any Conference they please, provided it is merely a Conference between the representatives of Britain and certain Indians invited to their "individual" capacities to "advise" the British. For, otherwise, it will amount to a participation on false pretences which will not enhance their reputation either for respectability or political honesty.

BRITAIN'S MILCHCOW.

There is no criticism which the vested interests in India resent more than the criticism incessantly and legitimately made by Indians that their country has become a milchcow for Britain. India is one of the principal markets for British goods and these goods are, under various devices, forced upon her. And yet the authorities in India repeatedly express their sympathy for the promotion of indigenous industry and emphasize that in meeting State requirements they will see that the Indian taxpayer is not burdened by being asked to show preference for British goods, when commodities of similar specifications and cheaper in price are available in other countries. When Mr. Bann was heckled in Parliament some time ago regarding the purchase of locomotives for India outside Britain, he airily referred to this "fiscal autonomy" enjoyed by India and on another occasion to this "fiscal autonomy" as "Dominion Status already in action."

How this "fiscal autonomy" actually operates, how efforts are made to saddle on India articles which she can buy elsewhere at cheaper prices for her public requirements but is not allowed to buy, because they are not British, is brought to light in a communication which a correspondent sends us. For the Pykara electric power scheme promoted by the Government of Madras, tenders were invited for the supply of steel structures. In regard to "Pykara Contract 702, Tower specification," a firm of German steel manufacturers of repute, already well-known in India as the firm responsible for having supplied the steel work when the Tata Works at Jamshedpur were constructed, had sent in a tender. This German firm having understood that a senior officer of the Madras Public Works Department had already been sent over to London to supervise the purchase of material for the Pykara project, attempted to elicit, from the British agents through whom "stores" are arranged for State purchase in India, what stood in the way of the favourable acceptance of the terms it had quoted. The representative of the German firm in London pointed out that its rate was about Rs. 180 per ton, while he understood that other firms had quoted much higher rates, particularly the British firms. He emphasized that no criticism was made by the buyers regarding the quality of the material his firm was offering and that it was due to the high technical efficiency its factories possessed that it could quote the low rate of about Rs. 180 per ton, in spite of the fact that being a non-British firm it had to pay the penalty of the customs preferential tariff in India in favour of British goods, in the shape of Rs. 17 import duty per ton. The German representative

was informed that discussion was useless. It was already settled that the contract must be given to a British firm "for the favourable development of the national export" and for the "easier handling" of the project concerned. The German representative requested an interview with the technical "expert" sent out to London by the Government of Madras. He was told the "expert" had been useless. We ask our readers to draw their own conclusions from the information the communication imparts but one thing is patently manifest and that is the callous disregard of those concerned in forcing upon India British goods of the fact that the Indian taxpayer has to bear a heavier burden in the process. But not only must British goods be patronised by him, he must also suffer the humiliation of finding jobs in his own country going to Britishers, although his own countrymen are available to fill them. What is the point in the recent advertisement for the post of Inspector of Factories in Bengal in which the Secretary to Government of that province desires men with "British" qualifications to apply and offers over-seas allowance rising to £30, except that Britishers will be preferred to Indians?

THE HYPOCRITES.

Disgusted with the policy regarding the political development of East African Territories administered by the MacDonald Government in their recent White Paper on the subject, Lord Delamere and his friends are making a mighty effort to browbeat them, if possible, or if that is not possible, to persuade the Labour Government that the White settlers are really not what they have been painted to be. A deputation headed by Lord Delamere sailed on Saturday for London and in a Press interview his lordship and his colleagues endeavoured to carry on propaganda to mislead those whom they hope to mislead in Britain. One of the delegates emphasized the necessity for the Delegation showing "political intelligence" and "keeping its temper." Both are urgently needed. Indeed, but Lord Delamere excelled himself in the art of providing political cant when he expressed his unbounded sympathy for the "average native," certified that "the native had ample of the best land reserved" and that, such was the wise and equitable policy of the Kenya administration, the African "had only to sell four chickens, or thirty bottles of milk or six dozen eggs or five loads of potatoes"—and he could pay the insignificant annual tax. For sheer insolent humbug this description of the natives' happy life is hard to beat. Protest was, of course, made by another delegate of Lord Delamere against the idea of having a common electoral roll.

WANTED AN "UMPIRE."

South America has witnessed another revolution. Doctor Irigoyen, the President of the Argentine Republic has had to abdicate to the combined forces of the Army and the Navy. Although this "coup d'etat" comes almost immediately on the heels of a revolution in Peru there is nothing surprising in it. Revolutions—bloody or bloodless—followed inevitably by executions and shootings are a matter of monotonous frequency in a Republic of South America. They are as the "Times of India" has just reminded us, "sudden political upheavals that occur from time to time without any apparent warning." But what is surprising is that, to the grave detriment of the masses, no serious notice has ever been taken of them. The urgent need of an "Umpire" and a foreign army to keep peace between contending forces with whom violent hostilities are a chronic, is clearly indicated—particularly in view of the fact that the Spanish Republics have been discovered during the last four or five years as eminently good markets.

PICTURES OF SPINNING.

The room is dark with misery. The widow old spins all the day. For charka is her only stay in her grim awful poverty. Once fashion's slave, but simple now. A maiden rich and fair doth spin. Just to expiate past sin. Meet work for crowned queen, I trow. Espousing now the charka's cause, Repentant merchant spins away. Redeeming sins of yesterday. When thrived he on his country's loss. Behold the Sabarmati Seer Sits spinning with all loving care. Expression of a godly prayer. "Applied translation" of his Gita dear! —SEVIKA.

The following table has been compiled from the figures given in the Senior Trade Commissioner's Statement issued from the fiscal year ended 31st March 1930. The table, which does not claim to be exhaustive, only relates to imports into India of such merchandise as may be classed as "semi-necessaries." These articles can either be easily (1) substituted by indigenous products, or (2) their consumption can be given up without discomfort or detriment to health.

What business have the Government of Bihar and Orissa to encroach in this manner upon the powers of local bodies and curtail their freedom of action? Their anxiety to have recourse to an ancient Act of 1885 shows that they aim, by some means or other, to check an harmless expression of the "insurgence of national aspirations." PHILIPPINE INDEPENDENCE AT A GLANCE

ANALYSIS OF ACTUALITIES

(BY JAMES VAN SHYKE.)

The following is a special article concerning a subject of which the writer has made a study as a staff reporter in the Philippines, being the first American to work on a local vernacular daily there. The psychology of the Philippines' mind always has been and probably will remain a mystery to folks from the Western part of the globe or, in fact, to anyone but a Filipino and perhaps even to himself! Take the question of Independence which has been the leading topic of conversation and thought ever since the late President McKinley "gave his word" that one day the Philippines would be free. Even before that time this grave topic, to them, has been uppermost in their minds. There is no denying that they are a freedom-loving people. But the point about this article is that something has diverted their minds and now today the violent arguments for Independence have ceased and very suddenly at that. Not that one cannot get his ear full of Independence talk, merely by the mention of the word from any Filipino, now as ever, but of their own accord the Filipinos have let

NOTES OF THE DAY.

Pandit Motilal Nehru's Release.

The release of Pandit Motilal Nehru is perhaps the only sensible thing that the bureaucracy has done during the last few months. That Panditji should have been released much earlier is beyond question. Even the Medical Board assembled by Government themselves recommended his release on the ground that there was every danger of the illness taking a turn unless the distinguished patient had complete rest and a change. Government, however, required a good few weeks and a relapse to make up their mind. But one ought to be grateful for sudden mercies, however belated. We hope Panditji will soon recover completely and will be long spared to the country which he has been serving so well even at the risk of grave consequences to his health.

Futile Gibe.

That High Priest of British Imperialism, Mr. Winston Churchill, has nothing new to say regarding the solution of Britain's difficulty in India but he cannot, in his arrogance and self-conceit, refrain himself from making silly observations which are laughed to scorn by the Labour politicians and their Press and are not particularly relished by the thoughtful and far-seeing section among the Tories. He made a "blood and thunder" speech at Loch Lomond on Sunday and was in great form, according to his own lights, in denouncing the Indian policy of the MacDonald Government. His dislike of Lord Irwin came out in his futile gibe that after imprisoning Gandhi "the Government of India had been sitting outside his cell door begging him to help them out of their difficulties." To Mr. Churchill and the Birkenhead school in British politics "to negotiate with Gandhi in any way" means ruining the prestige of Britain. But British history provides precedents of her politicians having negotiated with opponents placed behind prison bars. In his anxiety to run down Lord Irwin and the Labour Government, Mr. Churchill conveniently forgets this.

Unwarranted Interference.

The Government of Bihar and Orissa have circularised all district boards, local boards and municipalities in the province warning them that "hoisting the Congress Flag over their buildings" is "illegal." They refer to the decision of some local bodies in the province that "the national flag" should be hoisted on the buildings of their offices or of their subordinate bodies and warn all local "self-governing" institutions that they will be dealt with under Section 120 of the Local Self-Government Act, 1885, of the province, if they fail to listen to the warning. What business have the Government of Bihar and Orissa to encroach in this manner upon the powers of local bodies and curtail their freedom of action? Their anxiety to have recourse to an ancient Act of 1885 shows that they aim, by some means or other, to check an harmless expression of the "insurgence of national aspirations." They choose to ignore the recent decision of the High Court of Madras regarding the National Flag and desire to browbeat the local bodies of their province. Do they really believe the people of Bihar and Orissa will be cowed down by threats?

National Flags in B.D.D. Chawls.

It is reported that the authorities in charge of Bombay Development Chawls have asked the Manager to pull down National Flags hoisted by tenants and to increase the rents of those tenants who insist on their right to hoist them. The public is entitled to know whether the Government are aware of this most unjust action on the part of one of their officials, and, if so, whether it is under their orders that these officials are defying a ruling of the Madras High Court and punishing the tenants for exercising what is now a judicially recognised right.

A. U. P. MUSLIM LEADER JOINS SATYAGRAHA MOVEMENT.

"No Indian Can Keep Away From It."

Maulana Masud Ali Nadwi of Azamgarh who had taken a prominent part in the N. C. O. movement in 1921 and had been devoting his energies for the last several years to the work of the Darululmuhammad has joined the Satyagraha movement and has offered his services to Chaudhri Khaliquzzaman the Acting President of the Congress.

In a statement to the press he says it is no longer possible for any Indian who loves his country to fail to be impressed with the present state of affairs in the country and to keep aloof from the national struggle.

I had so far been quiet but my conscience now compels me to join the fray. Looking to the present state of affairs and the stage which our movement has reached I feel that we must reach the differences that arose between us at the time of the All-India National Convention at Calcutta regarding the Nehru Report. Especially when I see that my esteemed friend Pandit Jawaharlal has sent me a word from his prison cell asking me to join the struggle and when I find my revered leader Dr. Ansari setting a worthy example by going to jail and my life long friends and colleagues like Chaudhri Khaliquzzaman, Khwaja Abdul Majid and others prepared for suffering and sacrifice I think it is my duty to respond to the call of my conscience and to serve my country to the best of my abilities.

It is for this reason that I have offered my services to the Acting Congress President and shall henceforth take active part in the struggle.

Maulana Masud has always exerted great influence over U. P. Muslims.

(From A Correspondent.)

The Congress activities entered a new phase in the Moradabad district on the August 19 at Chandausi with the arrest of two Congress leaders L. Lalshahi Chand and Rashtriva Sevak ji, for attempting to hoist the national flag taken down by the police from the Town hall that noon. They were followed by the Congress volunteers and public in large number estimated at about 4000. After their arrest the police made a lathi charge about 200 were injured including Ch. Halta Prasad and L. Caneshilal prominent citizens of the place. Two more arrests were made later one of these had been acquitted and the others three sentenced to 6 months R. I. (under S. 9, 143, 447 I. P. C.) yesterday.

On the August 20, B. Ram Kishan Vakil Amroha Secretary Tehsil Congress Committee was arrested with 7 chief co-workers on a private complaint by a shop-keeper about 3 months back for picketing his cloth shop. The case of B. Ram Vakil and others was taken up by Mr. Lobo Pabhu I. C. S. on the August 27 inside the jail Complaint's witnesses were cross examined. On defence was offered the orders are to be pronounced on the 11th September.

gress side for the breakdown of the Peace negotiations. To my mind the side which is forgotten completely is the human side. Actions always speak louder than words. Lathi charges are more eloquent than letters, and arrests will show the mind of authorities better than alphabets. Pandit Motilaji, who was for honourable conciliation, was incarcerated and the Working Committee was arrested in spite of the protests of Peace intermediaries—with the result that all faith was lost in the Government. Assuming that Panditji changed, he will have to be more than super-human not to change after these demonstrations for Peace.

After arrests and cold calls for old men, women and children, I don't know if Panditji can be blamed morally or ethically for changing if there is any change at all. The only chance for Peace was in Panditji's not changing, which is against human nature, and the Viceroy's changing to stop repression, arrests and lathi charges to the credit of human nature.

Without the guarantees asked for by the Congress, in the name of the people, it is worse than useless for any of our countrymen to go to London for the Round Table Conference. As individuals however important in their individual capacities, they cannot represent the nation, and therefore, count for nothing for the Conference. Economic interests are not going to be looked after in that City of Exploitation; and Communal Unity is not going to be produced as a magic wand in London. In such an affair, which affects the honour of the nation, it behoves Indians to keep unity and not to attend this will-o-the-wisp Conference.

PANDIT MALAVIYA AND PEACE PARLEYS

Pandit Radha Kant Malaviya, writes:—

The statement appearing in certain newspapers to the effect that Pandit Madan Mohan Malaviya was in full touch with the course of the peace negotiations, is not accurate. He, of course, did not know the latest developments, nor was he in a position to give or withhold his agreement with the position taken up at the last stage by Mahatma Gandhi and the Nehrus. When Sir Tej Bahadur Sapru and Mr. Jayakar went to consult Pandit Motilal Nehru and Pandit Jawaharlal Nehru at Naiini, Sir Tej Bahadur Sapru enquired from the Superintendent of the Gaol if Pandit Malaviya was there as he wanted to see him as well. Being informed that Pandit Malaviya had not been brought over to Naiini he had to go away without seeing him. When Sir Tej Bahadur Sapru and Mr. Jayakar were proceeding to Poona to see Mahatma Gandhi for the final reply it was suggested to them that it might be desirable to have Pandit Malaviya see Mahatma before the peace negotiations finally took shape, but owing to his being in Delhi jail it was not found practicable to arrange an interview.

VICEROY'S MISTAKE.

MADRAS, September 8.

Commenting on Pandit Motilal Nehru's release, the "Hind" says: "that the fact, Lord Irwin's Government felt bound to do their duty by him (Pandit Motilal) and by the country is, we venture to hope, of a happy augury for the future." The paper opines "that the breakdown of peace negotiations might have been avoided if the Viceroy, realising the necessity for elucidating his meaning fully, had seen his way to make a more definite and clearer statement in his last letter."

Dr. T. Sapru Neither Pessimistic Nor Optimistic About R. T. Conference.

SECUNDERABAD, Sept. 9.

Interviewed by the Associated Press correspondent this morning Sir Tej Bahadur Sapru, who is leaving for Bombay this afternoon, declined to express any opinion on the peace move and its failure. However, in view of the misapprehensions in several quarters as to how he got to it he reiterated that so early as April last he was approached by an eminent Congressman in Allahabad to try and effect a settlement between the Congress and the Government. Dr. Sapru then declined the suggestion because, unless he received the authority he could not do so. The same request was repeated in Bombay in May by two eminent Congressmen now in jail, but as authority was not given Sir Tej Bahadur Sapru again declined to move in the matter.

When he was in Simla towards the end of June on professional business Mr. Jayakar approached him under circumstances already before the public. When asked for names of the Congress leaders who approached him Sir Tej Ba-

hadur Sapru said: "I must decline to disclose the names." "COUNTRY BIGGER THAN ALL PARTIES."

He concluded: "The peace move is with me a closed chapter. Regarding the success of the Round Table Conference he said he was neither optimistic nor pessimistic. While he would have welcomed Congress participation in the Conference he repeated that the country was bigger than all parties.—A. P.

LIBERALS ANGRY WITH CONGRESS.

BOMBAY, Sept. 9.

The Council of the Western India National Liberal Association deprecates the reactionary spirit underlying the resolutions adopted by the European Association at their Conference at Calcutta. These resolutions deliberately ignore the reality of India's political demands as voiced by every school of political thought in the country; and persistence in this unfortunate attitude on the part of the Europeans can only result in causing a still wider estrangement between the two countries.

The Council is convinced that the reactionary attitude reflected in these resolutions is sure to be detrimental to the peaceful political evolution of the country. Unacceptable as the safeguards and reservations recommended by the Statutory Commission are, the European Association is clamouring for still further safeguards and reservations.

DETERMINED!

Indians are determined to safeguard and promote their country's commercial and industrial interests and every proposal will have to be held by that essential condition.

No political advancement would be acceptable to any section of the people of India which does not assure them the unfettered power of the purse and complete fiscal autonomy. Any safeguards, reservations calculated to whittle down these attributes of a national Government can never be considered. Any proposals of the type put forward by the European Association can only strengthen the suspicion of Indians that the often professed sympathy of the British for the advancement of India is unreal and deceptive, and has for its object the perpetuation of their hold on the country's resources.

PROFOUND REGRET.

The Council of the Liberal Association has received with profound regret the news of the failure of the peace negotiations. The Council deplores that the Congress leaders should have felt it necessary to throw away the opportunity of contributing to a peaceful solution of the Indian problem, by their departing further and further at every stage of the negotiations from their original terms which were the basis on which the mediators were authorised to open negotiations. The Council puts on record its high appreciation of the patriotic efforts of Sir Tej Bahadur Sapru and Mr. M. R. Jayakar carried out with great tact, patience and goodwill. The Council earnestly calls upon those who are going to the Round Table Conference to exert their utmost to secure for India full Dominion Status with such safeguards and reservations as may be deemed necessary for the transition period.

VOLUNTEERS IN CUSTODY.

For Persuading Wearing Of Gandhi Caps.

MADRAS, Sept. 8.

On Friday a notice was circulated among the students of Pachayappa College that all students should attend college on Monday with Gandhi caps. This morning the police apprehending a breach of the peace made elaborate arrangements to prevent any disorder. As usual students turned up but only very few were found wearing Gandhi caps. In the meanwhile Sjt. Ramachandran of Bombay and two other volunteers were found distributing leaflets issued by the Tamil Nadu Congress Committee to students entering the college. The police took these three volunteers into custody.—A. P.

PHILIPPINE INDEPENDENCE AT A GLANCE.

(Continued From Page 6.)

man but still forceful and dynamic. But Quezon will never move an audience like he did that one in the session hall of the Legislature.

INDEPENDENCE SLOGAN.

The crowd sensed that something unusual was coming and they were partly right. Partly right only because it was a repetition of things which had been said before. But Quezon, like Patrick Henry in the Virginia Legislature many years ago, was to make an immortal remark. That remark is known to-day as far south as the Moro Provinces and as far north as Aguinaldo's old stamping grounds in northern Luzon, which is but two and a half days away, by slow boat, from Manila.

IMMORTAL REMARK.

"Gentlemen, I would rather exist here in a Hell governed by Filipinos than live here in a Heaven governed by Americans." That was how he concluded his address. The cheers did not die down for more than three quarters of an hour. And the echo of that grand outburst remained for weeks and months. Years have now past but one can still hear them. But fainter and fainter grows the sound. Somewhere in truth, has happened.

"GONE AMERICAN."

The answer? The party leaders, like the famous revolutionary leader, General Emilio Aguinaldo, have "gone American" to use the Filipino term for it. By that they mean that the sympathies of the leaders have turned towards the American form of Government. No longer is there that strong cry for "absolute and immediate independence." That is passed. Of course there are some leaders who still talk about it in a half-hearted way. Others, such as former Resident Commissioner to the United States, Isaura Cabaldon, who made the remark on leaving the U.S.: "For God's sake give us our Independence," are exceptions to the rule now-a-days, whereas before it was directly opposite to that.

Large amounts of foreign capital which are supposed to be waiting at the door to enter once there is a definite understanding is one of the main reasons.

A MUCH ABUSED TERM.

The way to independence in the Philippines is decided through the American Congress in spite of all that such men as Congressman Dyer, would have local people believe. Naturally for an act of legislation Congress would have an important say, but from the standpoint of policy all the great orators since Cicero was a pup could not move them one fraction of an inch for the simple reason that it is against "policy". In American politics, as in the politics of the Islands and the world-over, this much-abused term "policy" encompasses a great and not-to-be ignored factor. Only recently no less a personage than President Herbert Hoover has declared that, if necessary, he will go into the home constituencies of some of the Republicans who will not conform. That is why to-day there is a foot in Washington plan to defeat and if possible unseat Senator Hiram Johnson. This old time foe of Hoover's Northern California's great battle horse is due to take a lengthy and perhaps inglorious sleighride if the plans of the big Republicans hold sway simply because he will not conform, and they are perhaps big enough to do so in this instance because they do say that Mr. Johnson's voice is getting weaker and he is ready for the political rubbish heap, to put it emphatically.

AMERICAN APATHY.

Consider the independence issue of local people as it is advanced

PROMOTION OF GOODWILL BETWEEN ARAB AND JEWS.

Indispensable To Peace And Prosperity.

M. PROCOPE ON DISORDERS IN PALESTINE.

LONDON, Sept. 8.

Geneva.—The Council of the League of Nations, at its first meeting, received a report of the permanent Mandates Commission on Disorders in Palestine.

M. Procope (Finland) presenting the report, emphasised that the report must not be regarded as an attempt to supplant the mandatory power in exercise of its duties. Even a Power so experienced as Britain in governing the peoples of diverse characteristics was bound to be embarrassed by the special difficulties connected with the Palestine mandate. Britain could only be reproached if she did not attempt to promote the Jewish National Home for to develop the existing institutions in Palestine and it was clear from past results that Britain's policy did not deserve such reproach.

DIFFICULTIES OF GOVERNING PALESTINE.

Mr. Henderson, replying, said that the British Government noted with appreciation the passages indicating the difficulties of governing Palestine. The British Government was glad that M. Procope shared the Mandates Commission's view that the British statement with regard to the suspension of Jewish immigration permits, should allay anxiety among the Jewish communities. The British Government would shortly issue a statement regarding its future policy in Palestine. It recognised that the promotion of goodwill between the Arabs and the Jews was indispensable to peace and prosperity.

The Council unanimously adopted M. Procope's report after seven

upon the American Congress. When the whips are organized, and they do get organized quickly, there is not much holding with the tremendously strong Republican machine as we find it in the United States. Herbert Hoover, always a great organizer and a "million dollar a year man" in salary in any large business enterprise, is making it more powerful. Thus we see in the solution of the Philippine Independence problem one spot of all spots not to tackle. The time has come, fellow-countrymen, to seek not the hardest places but the weakest chain in the link, to borrow a term from a time worn fable.

This case does not show it to be the weakest link but it is the most sentimental and above-all the most powerful, but by all the common sense that a writer can place on to paper the most sympathetic to the cause here for independence. We speak of that some times abused group and that some times flattered group known as the American people. Well they remember early history. Being unable to forget and not willing to even if they could, the American people comprise the greatest friend that the people of this country could ever have under existing conditions with the independence issue in full view.

PHILIPPINE LEADERS' DUTY.

It is clearly up to the leaders. They probably have known this.

We are making no claims to the rank of a political or literary Christopher Columbus. The leaders know and know it well that once they have aroused the sentiments of the Americans as a whole they will have independence so quickly and so nicely that it will be all over before anyone knows about it or can say "Jack Robinson."

Mr. Quezon—here is your opportunity. Mr. Osmena—don't falter. Mr. Roxas fall in line. All are great leaders. And then more action will be crammed into a few weeks than ever before, because the American flag will be hauled down, never to fly over another flag and never to bite the dust just to show that we are not unpatriotic. With the highest flag on the pole the "Sun and Three Stars" the Filipino people will march in parade before the rest of the world. Opportunity will have arrived for one of the greatest demonstrations in the history of mankind. It will then be a proud day for the people of the highest to the most humble. They will have attained a plane with even the great countries for the simple reason that they shall have gained autonomy. What greater joy could one people have than that?

And by the way—who is there to be so bold as to deny them their God-given right? Certainly not the American people. But speaking to Congress and you speak to a lot of stone and sometimes ringing ears.

How "News-Chronicle" Treated
Mr. J. A. Wadia's Letter.

We publish below the full text of a letter written by Mr. J. A. Wadia, the well-known Bombay publicist and financial expert to the "News Chronicle," London. The paper published only the tail end of it, beginning with: "Are you, Mr. Editor, surprised at our discontent? The scathing exposure of the currency and exchange policy of the Government of India found no room in the 'News-Chronicle'."

To the Editor of the News Chronicle.

Sir,—Under the heading "Peshawar" you have written an interesting leaderette which has gratified me immensely. I subscribe to all that you have said as I accept nothing which Mr. G. L. Garvin has said last Sunday in the "Observer." He evidently does not know modern India. We Parsees have prospered under British Rule to which we are thoroughly loyal. I have systematically opposed your fiscal and currency policy in India which in my opinion is ruining India.

The Rt. Hon. Srinivas Shastri has characterised it as one conceived more in the interest of the rulers than the ruled. I think so too.

Who wanted the Mints to be closed in 1832? not the Indians. If you will kindly read the biting criticism of "The Statist" of the 5th November, 1892, you will find that paper characterised the action of the Indian Government as mad and suicidal and it declared that by closing the Mints and putting a high value on the rupee, the Government of India was indirectly raising the taxation of the poor and transferring their wealth to the rich such as land lords, bankers, and government officials, and all others whom I characterised as parasites.

Let me come to the year 1930 and tell you what an Englishman thinks of your currency legislation which has nominally put a poor country like India on gold basis, ruining its exports, increasing its imports, and depressing agriculture beyond measure. Early this year Sir Daniel Hamilton said at Jamshedpur in India no constitution will work while the existing monetary conditions continued, for India is suffering from the deadly disease of pernicious financial anaemia which is sapping the life of the masses and perishing the Government and the people of India.

In 1927 the ratio was legally raised from 16d to the rupee to 18d, which was passed by the Indian legislature by a majority of three votes. It was supported by twenty Government members and about twenty English members who always vote for Government.

In 1919 the Indian Government legislated and fixed the rupee at 2/- gold. It persevered in its policy for 10 months. I wrote

at once to "The Times of India" that the ratio will break down and it did break down which cost India 30 crores in Reserve Council bills.

I have seen in the "Daily Mail" day or two ago a suggestion that the foreigner should be made to pay the dole which costs England £500,000 a week by levying an import duty of 10 per cent on all goods. Why 10 per cent? Your budget comes to about £300,000,000 per annum. Why not make the foreigner pay the whole amount by raising the duty, or as much as you possibly can? Can anything be more absurd.

This puts me in mind of Sir Basil Blackett whom India had the misfortune to have as Finance Minister. He said in the Assembly in 1925 that India has an external debt of £550,000,000 which at 14d to the rupee will require so many rupees, at 16d so many less, and at 18d still less.

I enquired through "The Times of India" that if the exchange was raised to 2/- to the rupee, how many fewer rupees would be required. I again wrote to "The Times of India" asking the Finance Minister whether the producer did or did not lose 12 1/2 per cent on his exports. The Finance Minister acknowledged that he did lose, but the gold price of commodities having risen, he made up that loss.

I further enquired whether the starving ryot was so bursting with wealth already that he could afford to forego this advantage and whether he could undertake that the world prices will remain as high. No answer was given. The prices have already toppled down.

Are you, Mr. Editor, surprised at our discontent.

The whole of India is now dead against its rulers. You have lost our respect and affection. I am an admirer of England. I acknowledge all the good she has done to India in other walks of life, but I condemn her fiscal and currency policy which is sapping our life blood as said by Sir Daniel Hamilton.

We are told that, but for England, India would be like China. Evidently your rule has done us no good. What a slur on your rule. You forget conveniently the example of Japan. You say that there are racial conflicts. They will soon disappear if you educate the people, but you spend so much on civil and military expenditure that very little is left for the uplift of the people.

Our military expenditure in proportion is greater than that of England, Germany or France.

Are you surprised at our want of confidence in you? I have faith in our Viceroy in our Secretary of State and your Prime Minister, but very little in others.

DASPUR SUB-INSPECTOR MURDER TRIAL.

(BY MAIL.)

MIDNAPORE, Sept. 4.

The Special Tribunal resumed its sitting at 11 a.m. to-day.

Accused Kallipada Samanta and Haripada Majhi who were suffering from fever were removed to the Central Jail with the permission of the President.

Further cross-examination of the approver, Surendranath Chakravarty, was then taken up by Mr. Jnanendranath Chaudhuri, advocate, Chakravarty said that the talk between Kanan Mandal and the deceased Sub-Inspector, took place inside the shop of Nibaran Majhi. He was about ten cubits away and he did not tell the police that it was under the banyan tree. He entered the shop after this incident. He denied having told the police that the deceased beat Kanan Mandal with a cane on that occasion.

After the disposal of the body of Bholanath the Junior Sub-Inspector was taken to Nibaran's shop and confined there, and that after his removal, the uniforms of the police officers were burnt. Chakravarty was an eye-witness to all these incidents.

He could not, however, remember whether he had told the police that he went away when the Junior Sub-Inspector was kept confined. He admitted that accused Sital was arrested before he left his village for Tarakeswar but denied that he had done so because he and his brother-in-law Bibhut were accused by Sital as concerned that at the meeting held at Jalapur where the Sub-Inspector Bholanath was decided upon there was only one

"foreign" volunteer present, the B. P. C. volunteers having left for Ghatal before the occurrence.

After the cross-examination of the approver was over, one Sk. Abdul Karim, a tailor of Ghatal and Sub-Inspector Abdul Anal were examined by the Public Prosecutor to prove a meeting held at Ghatal in April last.

The Sub-Inspector said that accused Puspaj Ranjan Chatterji was wearing a red cap at the meeting. Chatterjee addressed a gathering of about 300 men and told them that they must win "Swaraj" by any means.

The Court then rose for the day.—A. P.

Indore Congress President Jailed.

(From A. Correspondent.)

INDORE, Sept. 6.

Yesterday being "Gandhi Day" a procession in the morning organised by the students of Government Residency High School passed through all the chief bazars of Indore-Residency. The processionists were carrying national flags and were singing national songs. Before dispersing they made a semi-circle and saluted the national flag in Risala Maidan. The police did not interfere.

Pandit Aryadatta Jugdan President, Indore District Congress Committee was leading the procession. The Residency Police ordered the assembled persons to disperse but they refused. Then the Congress President and four other volunteers were arrested and taken to the Thana. Pandit Aryadatta in 1921 was sentenced twice by the Residency authorities to one month and twelve months respectively.

To-day the arrested Pandit and his comrades have been sentenced to six months R. I. and a fine of Rs. 100 each (in default one month R. I. more.)

Editor's Profession: A Hazardous Calling.

Dangers of the newspaper profession "appear as imminent now as ever before," Mr. S. Osborn former Governor of Michigan, told members of the National Editorial Association in mail week.

"I Ohio," said Mr. Osborn, "an editor who exposed crookedness is murdered. In Chicago a reporter who knew too much about the criminal layout is shot to death. In Minnesota a newspaper is suppressed exactly as a Mussolini would do it. All this in our own pridelful America."

All-India Swadeshi Exhibition.

It has now been decided that in the "All-India Swadeshi Exhibition" which will be held in the third week of October next, all the exhibits will be "classified according to the commodities." This will give facility to the public to make their choice from the products exhibited, and also give an opportunity to the manufacturers to examine and make comparative study of their own and others' products with a view to enhance the value of their stuff, whenever necessary.

We therefore expect that all the Manufacturers, Industrialists and Traders will not fail to extend their active support by taking special interest in the Exhibition. Any suggestions which would directly contribute towards the betterment of their own industries and of the country at large will also be gratefully received.

The one supreme aim of the Organisers is to see that every one must know what things are manufactured in India, and keeping this end in view, they will not spare any efforts in this direction.

It is hoped that no Manufacturer or Industrialist will fail to take advantage of this opportunity.

From experience and close study, the Organisers have found that generally no systematic efforts have so far been made to bring the products of the manufactures before the public eye.

THOSE RICH AMERICAN JEWS!

Twenty Million Dollars For Palestine Home.

Jews of America subscribed during the last nine years a total of \$20,000,000 for reconstruction work in Palestine and for the furtherance of the Zionist movement for a Jewish national home; there, it was revealed in the annual financial report of the Zionist organization of America.

The report, issued for the National Zionist Convention, detailed work of the Zionist organization since the last change of administration in 1921, when Justice Louis D. Brandeis, of the United States Supreme Court, lost his position as leader of the movement.

THE STRAIN OF LIFE

How to withstand it. LIFE in the tropics whether business or domestic is a continual struggle against lassitude and ill health, except in the case of those who have wisely fortified themselves by keeping their blood healthy and pure.

THIS is quite easily done and should be done at once before the weakness of nerve or will or muscle has gone too far.

A course of IRON JELLOIDS will fill the veins with rich red blood and restore lost vitality clearing the mind and enabling it to cope successfully with the day's difficulties.

It scarcely seems possible that such a change could be wrought so simply, but the miracles of science are greater than those magic arts in which men once believed, and Iron Jelloids are a product of science.

Last night before the receipt of the U. S. Bureau Report, Broach A-M delivery was quoted at Rs. 212/8. After the receipt of Bureau's figures, prices declined and fluctuated between Rs. 203/8 and Rs. 204/8.
The decline which was registered in New York futures after the receipt of the Bureau report was maintained till close, so, the local market opened easy at Rs. 203/8 for Broach A-M delivery and declined to Rs. 202/4. At this level there was some covering and prices improved to Rs. 203/8.
Liverpool opening cables were due 4 points better, but the market opened easy at unchanged prices. This had a easy effect on the local market but prices again improved on buying by a local mill. The market will remain closed to-morrow. Quotations at 5-30 p.m. were as under:—

ANOTHER BEARISH BUREAU REPORT.

Prices Decline 40 Points.

Bombay, Sept. 9.
The U. S. Bureau Report issued yesterday showed the condition of the American Cotton Crop, 53.2 per cent. against 62.2 per cent. last month. The crop is estimated at 13,340,000 bales against last month's estimate of 14,362,000 bales. The yield per acre is estimated at 153.2 lbs. against 155.3 lbs. last month, and the total amount ginned to 31st August is returned at 1,878,000 bales.
Advance estimates issued by private authorities were found small and both Gariside and Fossick Bureau's estimates proved of little value as a reliable guide.
It may be recalled last year Fossick's estimates were very near the Bureau's figures, and while last month Gariside's estimate proved to be the nearest the Government figures, the experience of the Cotton trade is reverse this time. In this connection it may be mentioned that "The Chronicle's" estimate proved somewhat reliable. The comparison of private estimates is as under:—

Looking to the above figures, we believe there seems little chance for any important advance in the near future. Trade conditions are bad, and recent buying by Spinners, influenced by drought reports, is also likely to be less important. A fair amount of short interest is covered and the technical situation has become weak. As a matter of fact there is utter absence of any constructive factor, and prices are expected to sag.
However, the present prices are about 8 cents below what they were at this time, last year, and necessarily discount most of the bearish factors. If the present prices are not at bottom, we believe they are not far from it. Cotton has its own intrinsic value, and must fetch some price. What price it will fetch remains to be seen, but its supply and demand have any influence over the price level, it is believed it will sell high during the later months of the season. At the present low level, there is likelihood of an extensive holding movement, and while we prefer to wait for the lower level, we think it risky to sell short.

WORLD SEARCH FOR RARE HERBS IN NEW HEALER

Wonderful herbal extracts from countries as far apart as Japan and Spain, Korea, India and Tasmania, account for the unique properties of Zam-Buk, the great skin-cure and first-aid. These valuable herbs have to be gathered at a particular time when their juices are at their very best, and their manufacture into Zam-Buk is a costly and complicated process. Even the delicate green colour of Zam-Buk comes from Nature. No animal fats or coarse mineral drugs enter into this rare herbal balm which is accordingly so refined that it can enter thro' the tiny pores of the skin and reach the very seat of skin disease.
Zam-Buk instantly soothes pain, allays inflammation, and with repeated dressings, all bad matter is drawn off and new skin made to grow. For cuts, bruises, scalds, burns and sprains it acts, like magic, while the worst cases of eczema, poisoned wounds, ulcers, bad legs, and piles yield to its marvellous curative power.

KEEP A BOX ALWAYS HANDY

Motilalji Released.

GOING TO MUSSOORIE FOR CHANGE
AND REST.

Ag. President Meeting Panditji.

ALLAHABAD, Sept. 8. Pandit Motilal Nehru was released from Naini Central Jail this morning.

Even Pandit Motilal Nehru's family were not aware of his impending release. The Pandit leaves for Mussorie day after tomorrow. A number of people visited Anand Bhawan to make enquiries about the Pandit's health. He is still very weak. It is understood that the local authorities strongly recommended his release.—A. P.

MOTILALJI'S STATEMENT

Taking Rest And Change
As Advised By Doctor.

ALLAHABAD, Sept. 8. The release of Pandit Motilal Nehru was generally unexpected after the publication of the peace negotiations correspondence.

The Pandit was driven to Anand Bhawan by Mr. Measures Superintendent of Police.

The Pandit himself thought that the release was sudden and has issued the following statement:—

"By my release I replace automatically the present Acting President of the All-India Congress Committee, Chaudhary Khaliq-Uz-Zaman, but owing to my weak health I am unable to take up the duties of my office immediately. I have suffered from fever off and on in jail and am bringing up blood in my sputum for the last twenty-three days. (I have lost 14 lbs. in weight.) I have, therefore, decided not to take over charge from Chaudhary Khaliq-Uz-Zaman for the present and to take the rest and change advised by my physicians."—A. P.

Why Motilalji Was Released

NAINITAL, Sept. 8. The following communication has been issued:—It was recently announced that in view of the report of the private medical advisers of Pandit Motilal Nehru regarding his health, the Government directed an examination by a medical board. The report received from the board which consisted of Lieut.-Col. MacWatters, Civil Surgeon, Allahabad, (President), Lt.-Col. Stott, Principal, King George's Medical College, Lucknow, and Lt.-Col. Burke, Professor of Medicine, King George's Medical College, Lucknow, showed that though in their opinion there was no immediate anxiety regarding the state of health of Pandit Motilal Nehru,

yet he was suffering from disorders which, in view of his age and general physical condition, were likely to be progressive in their action unless an opportunity was given for full rest and special treatment. Since the receipt of the report, Pandit Motilal has again suffered from high temperature and a recurrence of the symptoms which originally led to his examination. The Local Government, therefore, in consultation with the Government of India decided to order his release. He was released this morning.—A. P.

LUCKNOW, Sept. 8. Chowdhury Khaliq-Uz-Zaman, Acting President of the Congress, left for Allahabad to-day to meet Pandit Motilal Nehru.—A. P.

BITTER EXPERIENCE OF NEHRU FAMILY.

All Telegrams Withheld.

To The Editor of "The Chronicle".

It has come to my knowledge that large numbers of people, concerned with the news of Pandit Motilal Nehru's illness, have sent telegrams of enquiry. Not only friends all over India but others including residents of remote villages who have jointly subscribed for the telegram of enquiry have done so. Nor one of these telegrams has reached us at Anand Bhawan and our own personal telegrams to friends have also not been delivered.

It appears that the Government have for sometime past put a ban even on our private messages and no telegrams of any kind are delivered to us. I would therefore request friends not to waste money by sending any telegrams to us.

We realise how anxious friends and indeed every one must be about Pandit Motilal Nehru's illness. His condition is certainly one which causes us great anxiety. Separated as we are from him by the high walls of Naini Prison we can do little for him nor can we keep in constant touch with him. We can only pray that he will get over his illness and be spared to the nation for long years yet.—Yours, etc.

FEDERATION OF EUROPEAN STATES.

Important For Maintaining World Peace.

27 REPRESENTATIVES ADOPT MOTION
UNANIMOUSLY.

LONDON, Sept. 8. Geneva.—A private conference attended by the representatives of 27 European States unanimously adopted the motion moved by M. Briand that his scheme for Federation of European States should be referred to the League Assembly. Mr. Henderson seconded the motion. M. Briand will probably introduce the subject in the Assembly on September 11.

(Note: A Paris message dated August 8 stated: According to newspapers, M. Briand is preparing a fresh Note on his scheme for Europe Federation. The replies received to his original suggestion show that the European Nations differ on such matters as relations with Soviets, maintenance or revision of peace treaties, economic rivalries, etc. It is opined that the discussion at the League Assembly is unavoidable since Britain demands it and there is a general desire to consider the susceptibilities of the League.)

(Later) The meeting unanimously resolved that they were

convinced that the close collaboration of the European Governments in all international activities was of capital importance for

(From A Correspondent.)

SANGLI, Sept. 8. An application stating that: "The present movement started by Mr. Shikhar, Dr. Joshi, and others is creating disaffection in the minds of the Miraj public and we condemn it. The Miraj Sarkar is always prompt in removing the grievances of the public in Miraj, and we, therefore, do not approve of the movement started by the said Mr. Shikhar," is printed. School teachers are warned not to use Khaddar, and letters are being sent to the guardians of the school boys, warning them to prevent their children from attending Prabhat Pheris and lectures.

COLLECTOR STRANDED IN JUNGLE.

Arbitration Court To Try
Criminal Cases Established.

SHIRALA, Sept. 8.

A few days ago the Deputy Collector was stranded in the jungle, the bullocks being unyoked from his cart and he was stranded there till village sweepers hauled the cart to the nearest headquarters. Another revenue officer camping in the temple premises had his things thrown out on hesitating to quit the premises. The authorities this morning expressed opinion that in spite of the raid that has been carried out on Bilashi village, at least 200 men are essential to visit the village with safety. The District Magistrate could not obtain water in Bilashi yesterday. He captured last week a cyclist with a note informing neighbouring villagers that everything was ready in connection with the breaking of forest laws. He also captured bands of persons, who were alleged to be touring the villages with red-tinted pamphlets poems and plays.

News has just been received from the adjacent village of Kundur where the Congress established a special arbitration court to try criminal cases not reported to the police. One accused in a case of grievous hurt was fined Rs. 50 of which part was given to the complainant and balance handed to the trustees of the village temple.—A. P.

BUDDHIST STUDENTS' GRIEVANCES.

Down Books And Picket
School.

RANGOON, Sept. 9.

About 200 Burmese Buddhist boys of the Baptist Cushing School left the school yesterday in a body and went on strike, their alleged grievances, among others, being compulsory attendance at Bible classes, harsh punishment for failing to attend them, disallowing of pupils to attend Burmese festivals and supply of bad food. The students started picketing at the school gate, this morning, but the police intervened and dispersed them. The school, which has a strength of 900 students, has been closed for a week. This unrest is now spreading and affecting the other Mission schools. "Boycotting" students are now taking shelter in Shwedagon Pagoda, and are being fed by Burmese Associations.—A. P.

Arrests In Jalapur Taluka.

(Through Publicity Bureau, Su-
rat).—

SURAT, September 8. Two farmers, Mr. Ukabhai Madhav and Durlabhbhai Ukabhai were arrested in Satim in Jalapur Taluka for boycotting the Mamlatdar. Their land was confiscated about three weeks since Mr. Ukabhai is one of the Patels who tendered their resignations in the beginning of the movement. Mr. Chhaganlal Ramji Shah, of the same village and a merchant, also has been arrested on the same ground. Dr. Popatlal of Bilimora has been arrested by the Fozdar at Chikil.

PEACE RESTORED AT DHARAVI.

1,000 Muslims And Tamilians Embrace Each Other.

LEADERS' SUCCESSFUL ATTEMPTS
TO CONCILIATE BOTH PARTIES.

A truce between the Muslim and the Tamilian residents of Dharavi was effected on Monday night, chiefly owing to the efforts of the Congress authorities, which has helped to restore normal conditions in the village on Tuesday.

Mr. Husseinbhai Laljee, the Mayor of Bombay, Dr. Deshmukh, Sardar Suleman Kassam Mitha and some Congress leaders visited Dharavi on Monday evening with a view to bring the leaders of both Muslim and Tamilian residents of Dharavi together and settle their differences amicably.

Five Mussalman gentlemen of the village and 5 Madrasis were brought to the Conference in which the situation was frankly discussed. The parties agreed that any quarrel between themselves was not in their interests and expressed the desire that they wanted peace.

The Tamilian representatives expressed regret that inordinately music was played before the mosque and that they did not know that it would offend the religious susceptibilities of their Muslim comrades. The Muslims on their part expressed their sorrow for the regrettable happenings of the previous two days.

AGREEMENT REACHED.

An agreement was reached that in future there would be no quarrel and that both Muslims and Tamilians were prepared to let bygones be bygones. After the conference, the Muslim representatives shook hands with the Tamilians with mutual assurances that no further trouble will occur.

The result of the Conference was heralded in the village by the Congress and Khilafat volunteers. Noticing the feeling of excitement and panic gradually dying, the Congress, National Militia, Azad and Khilafat volunteers were withdrawn from the village at about 10 p.m. on Monday.

The feeling of panic prevailing among the Tamilian residents has to some extent been allayed which is evident from the fact, that many Tamilian workers turned up for work in the different tanneries in the village.

A small police force is still kept in the village, but no further trouble is even emotely anticipated. To celebrate the truce, the Muslim residents invited the Tamilians near the Mosque on Tuesday morning where scenes of rejoicings were witnessed. The Muslims embraced the Tamilians and after some demonstrations they parted.

DOCK LABOURERS UNDER CONGRESS FLAG

Successful Efforts To Secure Support From Masses

With a view to claim adherents to the Congress creed from among the Dock labourers, the Bombay Provincial Congress Committee opened a branch office at Keshavnagar, Carnac Bunder, on Monday evening. The opening ceremony of the Congress Office was performed by Mrs. Ramiben Kamdar, President of the B. P. C. C. and was marked by enthusiastic demonstrations on the part of the Dock workers.

Over 3,000 workers witnessed the ceremony, and many more stood outside the office, for want of accommodation. The opening of the branch was made possible by street-corner meetings addressed by the National Militia boys, to popularise the Congress ideals among the workers. The meetings are being continued and so far the Congress has found ready support.

Mr. Yusuf Meherally, in asking Mrs. Kamdar to open the office, said that the Congress stood for the masses.

Mrs. Kamdar explained how the workers would gain if they supported the Congress' Fight for Independence.

"WAR COUNCIL'S" CAMPAIGN AGAINST COUNCIL ELECTION.

Congress Volunteers To Picket Polling Booths.

A vigorous campaign to boycott the elections of the Bombay Legislative Council (South Division) which falls to-day (Wednesday) was launched by the "War Council" of the Bombay Provincial Congress Committee on Tuesday.

The polling booths, both at Gwalior, Bank and Dhool Talao, will be picketed by Congress, Seva Dal and National Militia volunteers. Elaborate preparations to make the elections a failure have been made by the "War Council". Posters asking the voters to leave the elections alone and join the Congress campaign for independence have been printed for exhibition on Wednesday morning.

A fleet of cars will be placed at the disposal of "boycott" demonstrators.

A preliminary demonstration was held on Tuesday evening when volunteers carrying posters paraded the streets in lorries.

The police are also making preparations to see that the elections are held and Wednesday's proceedings promise great interest.

RECEPTION TO RELEASED SATYAGRAHIS.

They Re-enlist Themselves For
Active Service.

A rousing reception awaited a large number of Congress volunteers, who were released from the Visapur and Yeravda jails on Monday. They arrived in Bombay the same evening and were taken in a procession by the Seva Dal and National Militia volunteers to the Congress House.

On arrival at the Congress House all the released volunteers re-enlisted themselves as satyagrahis for active service.

Among those released on Tuesday was Sjt. Parmanand Jivraj from the Byculla Jail. Sjt. Parmanand is known to the Congress as the President of the "World Republic", because he was elected by the under-trial prisoners at World Temporary Prison to be their leader.
